

Leaving? How to line up your car... and other tips.

It's really important to line up your car properly and in the designated ferry lane that starts near the terminal and goes up the hill to the school area.

Follow these rules:

- 1) Don't stop, idle or park on yellow cross-hatched lines. This is a safety issue!
- 2) Don't block roads, intersections or driveways.
- 3) Park behind last car and within 2 feet.
- 4) There is a turnaround in front of the school.
- 5) Don't try to enter the line past the "End of Ferry Marshalling" sign or stop on the road. This is a safety issue! Come back for the next sailing.
- 6) You don't need to wait in your car. But you need to be back 15 minutes before departure.
- 7) Motorcycles load first so wait at the front of the line.
- 8) Cyclists walk on with foot passengers.

Your ticket is a return fare. You do not show a ticket or receipt before boarding.

Queen of Capilano has a capacity of approximately 100 cars and 420 passengers.

Missed the ferry? Relax, there's another in about an hour.
